

12 March 1964

MEMORANDUM FOR: Chief, Special Activities Staff

VIA : Director of Personnel

SUBJECT : Overseas People Returned Before Completion of Tours

1. Attached is a partial list of CS people who were returned from overseas for "disciplinary" reasons, short of tour, over the past several months. There are a number of others in other Career Services, and some contract people whose names don't appear in this list.

2. Did the Special Activities Staff or Overseas Candidate Review Panel do a post mortem on each of these listed?

3. Do you believe that the Office of Personnel and the interested Career Service or office ought to consider what additional steps might be taken to render the incidence of these cases less?

4. Do you believe that there are any practical steps which should be considered to deal with former supervisors who must bear some responsibility for sending some of these people to the field in the first place?
